

FOR IMMEDIATE RELEASE:

Mr. Roofing Receives GAF's Prestigious 2014 President's Club Award

South San Francisco, CA – November 28, 2015: Mr. Roofing, Inc.

Mr. Roofing, Inc., of South San Francisco, California, has received GAF's most prestigious contractor award: The GAF President's Club Award. This highly coveted award recognizes Mr. Roofing as one of the "elite of the elite" residential roofing contractors in the United States.

GAF is North America's largest roofing manufacturer, and only GAF Master Elite® Contractors can compete for its President's Club Award. To qualify for this award, a contractor must demonstrate an exceptional level of excellence in their business, especially in the areas of Installation Excellence, Consumer Protection, and Installer Training.

Mr. Roofing has been a GAF Master Elite® Contractor since 2005. To become a Master Elite® Contractor—a status that less than 2% of roofing contractors nationwide have achieved—a candidate must demonstrate proper licensing and adequate insurance, have a proven reputation and show commitment to ongoing professional training.

Mr. Roofing uses its years of experience in the roofing industry to offer customers quality craftsmanship and great customer service. With employees who are constantly trained on professionalism and technical proficiency, the company aims to be the best roofing company in its market area. Mr. Roofing provides customers with the options that work best for their needs.

The company's service offerings are comprehensive, including consultation, installation, repair, and maintenance. The company educates residential customers about their roofing choices, which include architectural shingle, cedar shake and shingle, slate, and metal and copper roofing. Customers also have the choice of a solar integration option, enabling them to lower their utility bills.

Property managers also benefit from Mr. Roofing's experience; the company installs, repairs, and maintains roofing for commercial and industrial buildings in the greater Bay Area. The company has the proper licensing and required insurance to guarantee that commercial projects are completed correctly with as little inconvenience as possible to the client. By fixing problems quickly and efficiently, Mr. Roofing ensures that clients save money by preventing further damage from leaks. The company also performs a roof analysis for the long term, including consultation and any necessary engineering to enhance roof longevity.

Involved in the industry, the company is a member of the National Roofing Contractors Association and GuildQuality. It is a GAF Certified Green Roofer™, a Diamond Certified^(R) company, and has an A+ certification with the Certified Contractors Network. Mr. Roofing is a recipient of the Angie's List Super Service Award and is accredited by the Better Business Bureau with an A+ rating.

The main goal at Mr. Roofing is to keep both customers and employees happy. By creating a valuable team of roofers, dispatchers, and service professionals, the company guarantees a hassle-free and enjoyable experience. Using the finest products and performing only the most proficient repairs and installations, Mr. Roofing works hard to guarantee that it is the best roofing contractor in the San Francisco area.

About Mr. Roofing, Inc.

In business for more than two decades, Mr. Roofing improves customers' lives by offering honest, comprehensive, and qualified roofing services to residential and commercial clients in San Francisco, San Mateo County, and surrounding areas. The company provides installations, repairs, and service of residential and commercial roofing systems, gutters, solar systems, and other home improvements.

About GAF

Founded in 1886, GAF has become the largest roofing manufacturer in North America. The company's products include a comprehensive portfolio of steep-slope and commercial roofing systems, which are supported by an extensive national network of factory-certified contractors. Its success is driven by its commitment to Advanced Quality, Industry Expertise, and Solutions Made Simple for contractors, specifiers, and property owners alike. In 2011, GAF was the first roofing manufacturer to offer a Lifetime limited warranty on all of its laminated shingles and, in 2012, it introduced the GAF Lifetime Roofing System.
